Do you know what is a single stitch or a magic ring/loop, increase, decrease and crocheting in round? Yes?
Ok, let's have fun with these pattern ;-)

These Pattern is worked in continous spirals
Use stitch markers to mark the start of each round in case you lose count.

Slip stitch into first stitch of the last spiral and bind off leaving a long tail for sewing.

Stuff the head. Now you have a bowl with a hole for the neck.

Pin ears an mouth of the head and sew in position. Weave in ends.

Sew a nose on the mouth and give Rob a little smile ;-)

Body:

Turn the head and pick up 24 sts from the neckhole. Do this from right to left.

1st-3th row (incl. Pick-up row): sc around all sts

Arms (2x):

Sc 6 into magic loop

2nd row: *1 sc , 1 increase* * repat *to* around = 18 sts total

3th row: *2 sc, 1 increase* = 24 sts total

4th-6th row: sc around all sts

7th row: 1 decrease, 1 sc, 1 dec., 2 sc, 1 dec., 1 sc, 1 dec., 1 sc, 1 dec. 1 sc, 1 dec., 1 sc, 1 dec. , 1 sc, 3x dec. (! yes, over beginning of the round!)= 14 Ma

8th-27th row: sc around all sts

Slip stitch into first stitch of the last spiral and bind off leaving a long tail for sewing. Stuff the arms

Legs (2x)

The leg is a little bit tricky and i hope you understand my explanation.

Soles of feet are worked in joined, oval-shaped rnds.

Ch 10 (sc in 2nd st from hook)

1st row: 8 sc, 3sc-increase (three stitches into the same stitch) in next st and turn the work

3sc-increase in the next st, 6 sc (you must be now at the left end, see photo)

2sc-increase (two stitches in the same stitch) in the next 2sts, 8 sc, 2sc-increase in the next 2sts, 10sc, 3 sc-increase in the next 2sts, 10 sc, place a marker = **29 sts total**.

Now you have the sole of the foot.

Work 5 rounds with sc until the marker.

Decreases in the next three sts, 22sc
again decreases in the next three sts, 19 sc and
again decreases in the next three sts, 16 sc and finally
two decreases (in the next two sts), 13sc = 16 sts left.

Work 20 rows sc in all sts around

Slip stitch into first stitch of the last spiral and bind off leaving a long tail for sewing.

Don't forget the second leg ;-)

Finally the work can look a like this:

Pin arms and legs on body to ensure correct positioning.

Sew arms and legs to body. Weave in ends

Now have fun with your Rob or Bob or anything else ;-)
